## DESTROYED BY WATER SPOUT.

Spokane, Wash., June 15—Telegraph reports from Arlington, Oregon, state that the town of Heppner, Ore., was destroyed by a water spout last night. It is reported that 350 persons were drowned and that 105 bodies have already been recovered.

LOUISVILLE MINISTER ILL.

Louisville, June 15—Rev. Eugene Herralson, pastor of the Chestnut Street Methodist church, is ill of typhoid fever at his home, 1307 West Chestnut street and his mother, Mrs. E. Sandefur, of Chickasha, Okla., has been called to her side. Rev. Herralson has been ill for more than three weeks and his condition is considered very serious.

Resolutions providing for the rigid enforcement of requirements governing entrance to the different medical colleges of Kentucky were adopted at a meeting of the executive board of the state board of health in Lonisville. It was provided, under penalty of being refused recognition, that all respectable institutions shall adhere to the rules.

The resolutions resulted from a conference between the deans of the medical colleges and the members of the state board of health held at the Galt house May 22. At that meeting it was decided that many medical schools in Kentucky have various times admitted students in violation of published requirements and have offered them private inducements to take the study of medicine. The board has the power to compel the adoption of these requirements, but as the representatives of all the schools present at the meeting in May displayed their willingness to co-operate with the state authorities there is no possibility of soon measures being resorted to.

James Coyle and Salie Coyle have filed suit against J. M. Gilbert, the attorney, for \$195.10 alleged to have been collected by the defendant for the plaintiff and not turned over. The petition stated that the plaintiff was involved in litigation in circuit court over mortgaged property and had deposited \$200 with the circuit clerk to insure against a judgment should any be returned against him. It states further that the defendant in this action was at this time, in November 1895, acting as attorney for the plaintiff and in 1896 collected \$195.10 from the circuit clerk out of this amount deposited, the remainder being left for costs that had arisen and has since refused to pay although repeatedly requested to do so.

Bishop E. E. Itoms, D. D., L. L. D., of the M. E. church, South of Nashville, Tenn., preached two strong sermons at the Broadway Methodist church Sunday morning and evening. A plan for raising a debt on the church, and for buying a pipe organ, was inaugurated at the morning service, and was again introduced in the evening. The amount desired is \$25,000. More than \$15,000 was subscribed Sunday, and it is intended to raise the balance by a private canvass. The plan adopted provides for the assuming of a certain amount of the debt by individual members of the church to be paid in monthly installments for a period of five years. The subscriptions range from \$25 to 50 cents per month.

It was provided, under penalty of being refused recognition, that all respectable institutions shall adhere to the rules.

James Coyle and Salie Coyle have filed suit against J. M. Gilbert, the attorney, for \$195.10 alleged to have been collected by the defendant for the plaintiff and not turned over. The petition stated that the plaintiff was involved in litigation in circuit court over mortgaged property and had deposited \$200 with the circuit clerk to insure against a judgment should any be returned against him. It states further that the defendant in this action was at this time, in November 1895, acting as attorney for the plaintiff and in 1896 collected \$195.10 from the circuit clerk out of this amount deposited, the remainder being left for costs that had arisen and has since refused to pay although repeatedly requested to do so.

## AN UNIQUE SUICIDE

Man Kills Himself on a Train With Dynamite.

Man Arrested in Indiana Wanted at Princeton—Illinois Town Has No Officers.

NEWS FROM OTHER PLACES

KILLED HIMSELF WITH DYNAMITE.

Chattanooga, Tenn., June 15—A telephone message received by the Times from Lafayette, Ga., gave the details of a sensational suicide which occurred on the Central of Georgia passenger train from Rome near that place. The victim was Joseph M. Orane, who is said to live at Ross-ville, Ga. Orane used a stick of dynamite in accomplishing self-destruction. He went into the toilet room in the day coach and there the explosion occurred. The shock mangled his body in a frightful manner and did considerable damage to the rear end of the coach. A note was found in the toilet room, in which Orane stated that he committed suicide because of a love affair. It is said that he was in love with a woman at Nashville.

### WANTED AT PRINCETON.

Vincennes, Ind., June 15—Arthur Metcalf, a piano agent for Newma Bros., of Chicago, was arrested here as he was boarding the train for Portland, Ore., with his bride, formerly Miss Morrell, to whom he was married last week at Petersburg, Ind. The arrest was made upon affidavit of Pre-cott D. Yates, adjuster for the piano company. It is claimed that Metcalf is short in his accounts, several hundred dollars upon sales made at Princeton, Ky. Mr. Yates has gone to Kentucky to secure a requisition.

### ILLINOIS TOWN WITHOUT OFFICERS.

Carboudale, Ill., June 15—Cobden, Ill., is without a mayor or city council. Mayor A. J. Hardin and three Aldermen, constituting a quorum of the council, have resigned because the city was in debt and no way seemed clear to secure money with which to liquidate. Last spring Cobden voted out saloons and elected a mayor and three aldermen who favored the raising of revenue by saloon licenses. On assuming office the city was found to be in debt, and the indebtedness was increased.

### BAPTIZE BY MACHINERY.

Owingsville, Ky., June 15—The congregation of a church on Foothill Fork, Brown county, is having a heated controversy with its pastor over a mobbing the latter uses for immersing converts. The apparatus is rigged up at a place on a river bank. A miniature bed is placed on it, the candidate takes a recumbent position, a spring is touched, and the machine glides under the water, and another spring returns it to the bank.

### HOPKINS SCHOOL CENSUS.

Madisonville, Ky., June 15—The school census of Hopkins county, which has just been reported, shows that there are 10,342 children of both sexes and colors in the county. There are 4,266 white males and 4,206 females, a total of 8,472 whites. There are 916 male colored and 954 female, a total of 1,870 colored children. In the city of Madisonville there are 760 school children, white male and female.

### THE BENTON COURT.

Benton, Ky., June 15—Rev. W. N. W. of Marshall county, was fined \$65 and costs in the Benton circuit court Saturday for cutting O. A. Cain in sudden heat and passion. Attorney William Reed arrived in Benton this morning to act for the defense in the case against Mr. J. S. Seita charged with malicious assault.

### NOW TO HAVE ELECTRIC LIGHTS.

Madisonville, Ky., June 15—The agreement recently entered into between the city council and Mr. Bailey for the latter to furnish electric street lights to the city of Madisonville has been signed by Mr. Bailey, and everything is looking favorably to the street lighting of the city.

### NEW BANK AT MAYFIELD.

Mayfield, Ky., June 15—The Farmers' National bank of this place, which has a capitalization of \$50,000, has been authorized by the government to do business.

### ANOTHER CHANCE.

METROPOLIS PAPER THINKS C. & E. I. MAY BUILD THERE.

Since the C. and E. I. has been absorbed by the Rock Island system certain things have been transpiring to indicate a possibility of this road being extended to this city after all, says the Metropolis Herald.

A representative of this great system which now controls 14,000 miles of railroad has been in Metropolis twice recently talking with some of our heaviest shippers as to whether another road might get some of the business out of this city.

In addition to this surveyor is reported as working this side of Joppa and near the Tucker place which means something. It is to be hoped that Metropolis may be able to secure one of the new roads now built or building in this country and it is but reasonable to suppose that she will do so.

### COMMITTED SUICIDE

TRAGIC DEATH OF EVANSVILLE MAN WHO HAS RELATED BERE.

Miss Mary Lee Clarke was called to Evansville yesterday morning by the sad news that her uncle, Mr. D. A. Nisbet, had committed suicide by shooting himself. The deceased married Miss Mary Bradford, of Owensboro, Ky., who died several years ago, and Miss Clarke, a niece of Mrs. Nisbet, had made her home with them from childhood until recently, when she came here to reside. An Evansville dispatch says of the death of Mr. Nisbet:

"David Nisbet committed suicide near here at 5 o'clock this afternoon by shooting himself in the temple. He returned from New York last night, where he intended to sail for Europe, and was despondent. Until recently Nisbet was at the head of a large wholesale dry goods firm here and president of a packet company. His brother-in-law, O. J. Grammer, is traffic manager of the Lake Shore railroad. Reverses in fortune are supposed to have caused Nisbet's act."

"Mr. Nisbet was born in Madisonville, Ky., September 23, 1853. His full name was David Alexander and was the oldest child of W. F. Nisbet, formerly of Mackey, Nisbet & Co. The family moved to Evansville in 1862 and the deceased lived there until a little over a year ago.

"He leaves five brothers and five sisters as follows: Samuel B. Edward A., Robert K., Frank W., of Madisonville, Ky., and A. G. of Chicago; Mrs. G. J. Grammer, of Cleveland, Ohio; Mrs. Tarleton, of Ridge-top, near Nashville, Tenn.; and Mrs. Holman of Madisonville, Ky."

### EDUCATIONAL FUND

LUTHERANS WILL RAISE ONE MILLION DOLLARS IN FIVE YEARS.

Baltimore, June 15—At the session of the general synod of the Evangelical Lutheran church the committee appointed to consider the probability of raising \$1,000,000 within the next five years for the work of general education read its report, recommending that the presidents of the Pennsylvania, Wittenberg, Carthage and Midland colleges and of Susquehanna university and the principal of Hartwick seminary be appointed to devise and execute plans for securing the above sum. It was also recommended that all legacies and gifts designated for a particular institution shall go to the institution, but shall be credited on the \$1,000,000, and all gifts without designation shall be divided among the educational institutions of the synod according to the best management of the synod. The report was adopted.

### CONSTIPATED BOWELS.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main street, Wichita, Kan., writes: "I have used Herbin's Liniment for regulating the liver and bowels for the past ten years, and found it a reliable remedy." Price 60c. Sold by DuBois, Kolb & Co.

### MARRIAGE AT METROPOLIS.

Metropolis, June 15—Mr. Charles W. Barrett and Miss Stella Waters of Metropolis were married here yesterday at the home of Judge Thomas Liggett. They are among the best known and most popular people here, and will make this place their home.

### SERVIA'S KING.

SKETCH OF THE NEW RULER WHO IS DISSIPATED.

Genov Jnoe 15—The new king of Servia, Peter, received his early education in Belgrade during the reign of his father, being 13 years old when the family was exiled from Servian soil. Later he went to school in Pest and Temesvar, and besides repeated visits to Russia, spent several years at the small court of Prince Nicholas of Montenegro at Cetinje. While there he became the suitor of the latter's daughter, Princess Zorka, and married her in 1888. She died seven years later. The issue of this marriage resulted in three children, a daughter of 19 and two sons, aged respectively 15 and 13. Since 1891 Prince Peter has been residing in Geneva.

Because of his dissipated and spendthrift habits Prince Peter quarreled with his father-in-law of Montenegro and also lost the good graces of Alexander III. of Russia, from whom he received large gifts of money on several occasions. Since the accession of the present czar, however, there has been a sort of reconciliation with St. Petersburg, and the finances of Prince Peter were put and kept on a sound basis, but he has been notoriously poor. It is said that Emperor Francis Joseph of Austria assisted materially in this financial rehabilitation. Since 1891 Prince Peter, never wealthy, has nevertheless been living in modest comfort at Geneva.

His younger brother, Arsenius, served for a number of years as an officer in the Russian guards and married since his retirement, Princess Demidoff di San Defato, a very wealthy Russian lady, with whom he is living in Paris.

### HOT WEATHER WEAKNESS.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that

will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural vitality to the liver. This, Herbin's will do, it is a tonic, laxative and restorative. H. J. Freegard, Proprietor, Grand View Hotel, Cheyenne, Kans., writes: "I have used Herbin's for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kans." 500 at DuBois, Kolb & Co.

### CABINET RESIGNS.

THE WHOLE BUSINESS QUIT AT ROME.

Rome, June 15—Premier Zanardelli formally announced in the chamber of deputies that the cabinet had resigned.

Sig. Zanardelli said the cabinet had presented its resignation to King Victor Emmanuel, and that the latter had reserved his decision. The minister will temporarily continue the discharge of current affairs.

The premier then asked the chamber to adjourn in order to permit a consideration of the situation, and the session was adjourned subject to the call of the president of the house.

### A SPLENDID REMEDY.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed in the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 250, 500 and \$1 at DuBois, Kolb & Co.

### METROPOLIS SCHOOLS

MR. T. F. MCARTNEY ELECTED SUPERINTENDENT AT METROPOLIS.

The Metropolis school board made several attempts to get together but did not succeed until Saturday. Prof. T. F. McCartney, a Metropolis boy, was elected superintendent of the public schools to succeed Prof. Edwin Longhous, and it was decided to have an eight months term the coming year. Teachers have not yet been selected.

### SPEAK FOR THEMSELVES.

A Paducah dry goods firm advertises: "Beautiful things in spring shirt waists." We have them in Metropolis ton, but we do not advertise them. They speak for themselves.—Metropolis Herald.

### TRACKS ARE FLOODED

Illinois Central Has Twenty Miles Under Water.

A New Schedule for the Cairo Extension is Now Being Arranged.

### RAILROAD OFFICIALS HERE

The Illinois Central railroad has twenty miles of its tracks between Carboudale, Ill., and Cape Girardeau, Mo., submerged and abandoned for traffic. The crest of the water has not reached the section contiguous to the river and the worst is yet to come. At Grand Tower the city is already partially submerged, the dike which partially protects the city having broken. The embankment was washed from beneath the track at McOlure and the track is under water from Albridge to Reynoldsville.

Rich, fertile fields along the Illinois Central track which have never been known to overflow are under water.

The condition in all parts of the country to that locality is worse than during any previous high water. The greater part of Sand Ridge, Grand Tower, Fountain Bluff and Dogwood and a part of Pomona townships are inundated, and as there are about thirty-six square miles to a township, there are probably 110 square miles of Jackson county's most fertile farm lands flooded, or about 70,000 acres of growing crops totally destroyed in this county. Some stock has been lost, though most of the cattle and horses have been taken to the hills, where the farmers sought safety on the higher ground.

The Illinois Central railroad is arranging its schedule for the new Paducah and Cairo line. They will handle their St. Louis and Paducah business by way of Cairo, and probably their St. Louis and Louisville business, says a Cairo dispatch. The present plan is to have the train leaving Louisville at 4 p.m. carry a St. Louis sleeper, which will arrive here from Paducah over the new line at 8:30 o'clock. This sleeper will go forward to St. Louis at 1 a.m. and Cairo passengers can enter it upon its arrival here. It will be a great boon to travelers bound for St. Louis.

Trainmaster J. F. Sheridan of the Louisville division of the I. C. has just returned to the city after a tour of inspection of his division.

Mr. R. S. Barrick, yardmaster for the local I. C., has recovered after a several days' illness and will return to work today or tomorrow.

Superintendent A. Philbrick of the Louisville division of the I. C. is in the city today on business.

Mr. H. R. Dill of the I. C. at Evansville is in the city today.

### GOOD MAN GONE.

NOTHING HEARD FROM HIM AND HE PROBABLY SKIPPED.

William J. Hayes, who has been a citizen of Carlisle county for years, has disappeared and no one knows whether he has gone, says the Carlisle County News. He left home last Friday and nothing has been seen or heard from him since, although a thorough search has been made for him. A short time ago he sold his crop of tobacco, receiving therefor a check for \$180. This occurred a day or so before he left home. On last Sunday Mr. Hayes' son-in-law, George Hoganamp, received by express two express money orders for \$5 each, which were issued at Cairo. A note with them instructed Mr. Hoganamp to keep one of the orders himself and to give the other one to Mr. Jennings, to whom the writer was indebted. Mr. Hayes owed both the gentleman the amounts named, and it is inferred that the money came from him.

### CORN IN LATE

IT WILL BE TWO WEEKS OR LONGER BEFORE IT ARRIVES.

Gardeners state that it will be at least two weeks before roasting ears are ready for the market in this section, and may be as late as July 4. On account of cold weather this spring the corn has been set back, and for this reason will not be on the market as early as usual.

## Chronic Sores Eating Ulcers, A Constant Drain Upon the System.

Nothing is a source of so much trouble as an old sore or ulcer, particularly when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple, and are a threatening danger always because, while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic, slow-healing sores and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so persistent and unsightly and detract so much from one's personal appearance.

Middle aged and old people and those whose blood is contaminated and tainted with the germs and poison of malaria or some previous sickness, are the chief sufferers from chronic sores and ulcers. While the blood remains in an unhealthy, polluted condition healing is impossible, and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the sore is but the outward sign of some constitutional disorder, a bad condition of the blood and system which local remedies cannot cure. A blood purifier and tonic is what you need. Something to cleanse the blood, restore its lost properties, quicken the circulation and invigorate the constitution, and S. S. is just such a remedy.

S. S. reaches these old chronic sores through the blood. It goes to the very root of the trouble and counteracts and removes from the blood all the impurities and poisons, and gradually builds up the entire system and strengthens the sluggish circulation, and when the blood has been purified and the system purged of all morbid, unhealthy matter the healing process begins, and the ulcer or sore is soon entirely gone.

S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. A Hotly Contested Game at Wallace Park Yesterday.

Paducah and Hopkinsville Fought Until Hiawatha Found Another Run  
—Several Costly Errors.

### NOTES OF THE GAMES

Hopkinsville defeated Paducah yesterday afternoon in a hard fought battle of twelve innings at the Wallace park grounds in the presence of 2,000 spectators by a score of 8 to 7. It was a pretty game, and the Paducah boys showed up well despite the fact that Murray and Seaton, two of their best men, were crippled and out of the game, and several costly errors were made. Paducah got fourteen hits off Reed and Hopkinsville thirteen off Hedges, while Paducah had eight errors to her credit as against five for Hopkinsville.

Becker made several costly errors, as did Girard in center, but both are good ball players, and everybody understands even the best players have their off days. Several times during the latter part of the game there was a chance for one man to win the game for his side, but they failed at the critical moment. Once a single from Hedges would have brought in a score and ended the game in favor of Paducah, and once also for street, the Hopkinsville catcher. The batteries did splendid work, and the game was devoid of wrangling. Powers, of Cairo, gave satisfaction to everybody—and then everybody likes the Hopkinsville boys, for they are all gentlemen and good ball players.

The game by innings was:

### FIRST INNING.

Paducah: Wilson, the new left fielder, fanned; Simeox went out on fly to right. Edmunds went to first on slow grounder to short. Le Compte went out on a grounder to second base.

Hopkinsville: Street sent up a sky rocket which Girard muffed. Eggleston went out at first on slow grounder to short, who threw him out at first, and Bassett and Morris struck out.

### SECOND INNING.

Paducah: Simeox got a pass to first. Becker struck out. Perry hit safe to center. Girard singled to right field, scoring Simeox and made second on wild throw to third base. Hedges hit safe over third baseman's head, scoring Perry and Girard. Wilson fanned. Simeox struck out. Three runs.

Hopkinsville: Watts went out in easy roller to pitcher. Miller hit past third baseman and made first. Farris hit to Hedges who failed to force Miller out. Lynsky hit to third baseman who forced Farris out at second. Reed hit to deep center, who muffed, letting in two runs. Street hit safe to third baseman, scoring Reed. Eggleston was at the bat when Street died trying to steal the second sack. Three runs.

### THIRD INNING.

Paducah: Edmunds struck out. Le Compte went out on a popup to first baseman. Simeox rapped to left field and made two bags. Becker went out on grass cutter to first. No runs.

Hopkinsville: Eggleston fanned; Bassett had three punctures in his bat also; Morris followed suit. No runs.

### FOURTH INNING.

Paducah: Perry struck out. Girard hit safe to left; Hedges hit to third and died on first. Wilson struck three times and reached first on passed ball, stealing second. Sweeny walked. Edmunds hit to second base, forcing side out with bases full.

Hopkinsville: Watts struck three times and reached first on passed ball. Miller knocked fly which Perry caught catching Watts off first base and making double play. Farris hit safe to left. Lynsky fanned.

### FIFTH INNING.

Paducah: Le Compte went out from short to first. Simeox rolled a hot grounder which third baseman fumbled, reaching first. Becker flied out to second. Perry struck out.

Hopkinsville: Reed hit to third baseman and went to second on fumble and wild throw. Street went out on liner to Becker. Eggleston hit to left field and scored Reed. Bassett went out on batted ball. Morris went out on slow grounder to second baseman. One run.

### SIXTH INNING.

Paducah: Girard went out from short to first. Hedges followed suit. Wilson walked. Sweeny was using the stick when Wilson died on second, retiring the side. No runs.

Hopkinsville: Watts raised an easy fly which was smothered by Le Compte. Miller couldn't find it. Farris rapped a hot grass cutter past third base and went to third on Lynsky's hit to right. Reed fanned. No runs.

### SEVENTH INNING.

Paducah: Sweeny rapped to short and reached first because baseman's foot was not on base. Sweeny stole second and went to third on passed ball. Becker struck out. Le Compte hit safe to left, scoring Sweeny and tying the runs. Simeox hit to left, which was copped out, retiring side by double play to first shutting off Le Compte.

Hopkinsville: Street went out on batted ball, which hit him. Eggleston made a safe hit and went to third on left fielder's error. Bassett went out on easy grounder to pitcher. Morris hit safe to center scoring Eggleston. Watts struck out.

### EIGHTH INNING.

Paducah: Becker struck out. Perry flied out to center field. Girard hit safe to third. Hedges hit safe to left. Wilson hit safe to right field. Girard scoring. Sweeny retired the side by grounder to short. One run.

Hopkinsville: Miller rapped a two bagger to center. Farris flied out to left. Miller stole third and scored on third baseman's error. Lynsky hit safe to left and made three bags on error. Reed went out on fly to right field. Street went out on fly to Le Compte. One run.

### NINTH INNING.

Paducah: Edmunds hit safe to center and stole second. Le Compte hit to third base and Edmunds was caught

between bases and put out. Le Compte going to second. Simeox saved the game by a drive to right, scoring Le Compte and going to second. Becker hit to short and reached first on a double. Perry went out on grounder to pitcher. Girard fanned. One run.

Hopkinsville: Eggleston hit safe to center; Bassett went out on drive to center. Morris went out on fly to center also. Watts went out on popup fly to second baseman. No runs.

### TENTH INNING.

Paducah: Hedges hit to short and went to second on first baseman's error. Clifford hit to short reaching first on fielder's choice and Hedges went to third. Sweeny went out on fly and Wilson scored for Hedges. Edmunds went out on batted ball from pitcher to first. Le Compte went out on fly to left. One run.

Hopkinsville: Miller hit safe to center and stole second. Farris hit safe to left going to second scoring Miller. Lynsky went out on easy grounder to Simeox. Reed struck out. Street went out on batted ball, which hit him. One run.

### ELEVENTH INNING.

Paducah: Simeox flied out to left field. Becker hit safe to left. Perry hit two baggers to right, advancing Becker to third. Girard struck out. Hedges flied out to short stop.

Hopkinsville: Eggleston went out on fly to Girard in center. Bassett struck out. Morris went to first on grounder to second. Watts went out on foul to Perry.

### TWELFTH INNING.

Paducah: Clifford knocked a two bagger to left field. Sweeny flied out to center fielder. Edmunds went out on fly, Clifford being caught at second in a double play.

Hopkinsville: Miller hit safe for one base to left field and stole second. Farris hit safe to left and scored Miller, winning the game.

### SATURDAY'S K. I. T. GAMES.

Henderson 10, Paducah 7.  
Hopkinsville 8, Cairo 5.  
Vincennes 14, Clarksville 5.  
Jackson 10, New Decatur 7.

### AMATEUR GAMES.

The Coco Colas defeated the Pepsols at Wallace park Sunday morning by a score of 16 to 5 but on account of a "squashable" in the seventh inning the game was declared forfeited in favor of the Coco Colas by a score of 9 to 0. This is one game which will probably not go up for contest. These teams are composed of clerks and young professional men and several good players are among the members of the team.

The Pepsols and Coco Colas will meet again Sunday morning.

The Challenge league and the St. Mary's academy club, amateur boys nine, played a match game Saturday afternoon resulting in a score of 7 to 5 in favor of St. Mary's academy.

The Shamrocks and Challenge league played a match game of ball Saturday and the Shamrocks won by a score of 7 to 5.

The Y. M. C. A. team defeated the Alden Knitting Mills team by a score of 16 to 6 Saturday afternoon.

### Shattered Nerves and Gave Me an Appetite.

Dr. Miles' Nervine Built Up My

SEVERAL PEOPLE WENT OUT ON IT TODAY.

This morning a mixed excursion to Memphis was run out of Paducah and the majority of the excursionists were colored. A few white persons left in the white coach, and among them were: Mr. Walker Wilkins, who has gone to Little Rock, Ark., to locate; Will Sweeney, who has gone to New Decatur, Ala., to locate; George Brown, Thomas Wheeler, Mrs. M. A. Byrd.

place, but may be held next Sunday. It is reported some of the managers are in favor of organizing a league composed of Paducah, Cairo, Jackson and Clarksville. At present if the league makes anything over expenses it will be eaten up by sending the clubs to New Decatur, Ala., which is over 200 miles away.

Edmonds made a hit at second base yesterday. He seems to be a good man at the stick and fields excellently. Edmonds will remain on second base and Seaton will play third. This will make Paducah have the fastest infield in the league, Le Compte, Seaton, Edmonds and Simeox.

A game without kicking is something everybody here likes to see, and they had it yesterday. The Hopkinsville boys are the most gentle, handsomest lot of ball players seen here this season, and it we are to lose, there is no one we had rather have get the credit than these boys.

Street, the Hopkinsville catcher, is an Adonis, and is one of the best catchers in the league. He can throw as straight as a gun can shoot, and is one of the handsomest and most perfect athletes ever seen on the diamond. It is reported he will soon be wearing a Paducah uniform.

Hopkinsville had two men out of the game yesterday on account of their parents not allowing them to play Sunday baseball. They are Hadden and Chatham, the former third base and the latter first base. Both men will be in the game this afternoon, however.

Powers, of Cairo, who umpired yesterday's game, gave satisfaction in every respect, neither team having occasion to "kick" on any decision. If he umpires at home like he did here yesterday Paducah will "stay with him."

Last evening Becker, the third baseman who made so many errors yesterday, and Sweeny the right fielder, were let out. Sweeny had been with the team since it was organized, and while he used good head work he is too clumsy for a ball player.

Paducah was crippled yesterday in left field, Murray having a sprained back and the regular center fielder having resigned. New fielders will be secured for right and center field, to succeed Fuller and Sweeny.

Edwards will pitch this afternoon for Hopkinsville and Street will backstop. Girard will pitch for Paducah and Perry or Clifford will go behind the bat.

Paducah fans should not knock their home men when they make errors. Every good baller has his tough luck and it is much more encouraging to say "Don't mind that, old boy," than to jeer him.

Clifford played in left field during the latter part of yesterday's game, and did some work with the stick that saved Paducah from defeat earlier in the game.

The crowds out at the game yesterday, 400 being ladies, and nearly 2,000 paid admissions, shows how well people here like baseball.

Le Compte continues to hold his own as one of the star players of the league. His work at short cannot be surpassed.

Too many kids are allowed inside the railing. They ought to be kept where they cannot get hurt.

Perry caught a good game and made several good stops.

### EXCURSION LEAVES.

WILL PAY SOON.

SO SAYS CAPT. PERCY HAILEY OF THE EXECUTIVE COMMITTEE.

Chairman C. W. Morrison of the Democratic county committee today received a letter from Capt. Percy Hailey, secretary of the Democratic state executive committee, stating that the money due the election officers of McCracken county would be forwarded as soon as the committee meets again, which is expected to be soon.

FREE TRIPS TO ST. LOUIS WORLD'S FAIR.  
ALL EXPENSES OF THE 120 MOST POPULAR SCHOOL TEACHERS IN THE STATE PAID.

KENTUCKY BUILDING WORLD'S FAIR

3

School children and public generally invited to vote to determine the most popular in every county. Votes ten cents each, ten cast at one time. All money and above up to \$100 to go to the Kentucky Building at the Exposition. Every voter thus given the satisfaction of knowing a worthy cause and knowing his vote has been aided, at the same time a favorite teacher has received recognition. Contest conducted under auspices of Kentucky Exhibit Committee, the organization formed to raise \$100,000 for a Kentucky Building and full display of the State at the Exposition and to help the State, whether teacher in public or private schools, or any educational institution, to be represented at the Fair. The legislature having failed to make an appropriation. Every educator in the State, whether teacher in public or private schools, or any educational institution, is invited to cast one vote for his or her favorite teacher. But the voting will not be confined to school children.

PARENTS OF PUPILS OR ANY OF THEIR FRIENDS MAY VOTE. The purpose of the Association being to elect the most popular school teacher in each county, as so considered by the public generally, as well as by the school children. Ballots contain ten spaces, so clubs of ten pupils may be arranged and each giving ten cents be credited with his or her vote. If one person decides to cast ten votes, he may be doubly writing his name on each ballot and remitting one dollar. This is not required that the name of the person be given on the ballot. All the names for voters' names may be left blank. The Association wants, however, to enroll in the Kentucky Building at St. Louis next year the name of every child who cast one or more votes in the contest. Pupils are asked therefore to sign their names plainly to the ballot.

ALL EXPENSES OF THE TEACHERS WILL BE PAID BY THE ASSOCIATION. This will include railroad transportation from Louisville to St. Louis and return, board at one of the best hotels in the city for six days and admission to the exposition grounds for six days.

THREE PARTIES WILL BE MADE UP FOR THE MOST POPULAR TEACHERS to make the trip more profitable and interesting. Each of these parties will consist of 100 of the most popular teachers in the state, and each will be allowed to vote for the most popular teacher in the county. The Association has decided to allow two teachers—the most popular and the second most popular—to go from that county—Jefferson excepted—which casts the greatest number of votes in the contest.

ALL TEACHERS IN THE STATE STAND ON EQUAL FOOTING in this contest. The teacher with only twenty pupils may receive more votes than the teacher with five or six times as many in his or her school, because the voting is not confined to children. The public will be an important factor.

Votes may be cast by any person who taught school during 1908 or is teaching now. This gives a person a six months' school, which closed in November or December, the opportunity to be voted for during the vacation period.

ANY NUMBER OF BALLOTS MAY BE CAST AT ONE TIME. There is no limit. The more dollars sent in for any one teacher the more votes he or she will be credited with.

ONE DOLLAR CASTS TEN VOTES; TWO DOLLARS CASTS TWENTY VOTES; THREE DOLLARS CASTS THIRTY VOTES; FOUR DOLLARS CASTS FORTY VOTES; FIVE DOLLARS CASTS FIFTY VOTES; ETC.

All of the money received in this contest, over and above the cost of the Kentucky Building at the exposition, will go to the teachers selected in each county. Later the details of the trip will be arranged, each teacher chosen being given the privilege of selecting the month—June, July or August, 1908—in which he or she wants to make the trip.

## MISS LEIGH JOINS

### THE SUN'S STAFF.

The Sun takes pleasure in announcing the addition of Miss Ora Leigh to its reportorial staff, beginning today. Miss Leigh and her work are well known to Paducah newspaper readers, and The Sun congratulates itself and its readers on securing her services.

A common sense view is the best to take of everything. The books are full of laws that never were enforced and never will be enforced, and there are evils in every community that never have been and never will be eliminated, however much these laws should be enforced and however much the evils should be eradicated. There are various classes and elements in every community, and what suits one will not always suit the other. To expect to have things all one way is as impossible as the millennium itself. Strife never helps any community, and its effects are often worse than the evil effects of many things complained of.

The Kentucky Republican convention will meet in Louisville July 15 to nominate candidates for state offices. An election without opposition is an insipid thing and the Democrats will welcome the Republican candidates for the assistance they will give in breaking the monotony of a very one-sided affair.—Fulton Leader.

It is very probable that the Democrats will not be disappointed in getting plenty to "break the monotony," despite the fact that there is and has been enough trouble for them in their own party to satisfy most people who look for trouble.

The most recent outrage in Breathitt, the burning of valuable property of one of the men who testified against Jett and White, emphasizes the fact that it will take something besides the presence of soldiers to insure peace and protection in the land of feuds. It is becoming a serious question what is to happen when the soldiers are withdrawn and there is no restraint on the lawless, bloodthirsty desperadoes who shoot from behind barns in the dark.

In addition to the floods in the west there is now danger of a famine on account of the high prices of everything. The supply has grown very meager on account of the inability to get in with more, and the demand is becoming great every day. The people at a distance, however, have responded liberally and many thousand dollars have been sent to the sufferers.

The latest joke going the rounds of the Democratic press is that Governor Beckham is trying to buy the Kentucky Journal, published at Frankfort. What he could want with it except to stop its publication is hard to conceive of, and it is not believed he wants to do that, because it is trying to beat him.

Hon. Perry Heath's friends are enjoying a joke from an amateur performance of "Uncle Tom's Cabin" at Salt Lake City, in which he played a part and in an auction

was sold for eight and a half cents. This is probably more than Mr. Bryan of Nebraska, could bring, even in his own state.

Louisville Republicans promise to put out the strongest ticket ever offered the voters of that place, and with Democracy in the shape it is at present, and bids fair to remain indefinitely if not perpetually, success is assured.

Even admitting that the King of Servia was not all that he should have been, he seems to have been good enough for his people. If the assassins, whose bloody work has been endorsed by the people, are a fair sample.

## THROWN FROM BUGGY

Mrs. Robert Dunaway Painfully Hurt Yesterday.

Horse Became Frightened at Dogs—Other Accident News.

Mr. and Mrs. Robert D. Dunaway, of St. Johns, were slightly hurt in a runaway on Jefferson street between 13th and 14th Sunday afternoon about 3 o'clock. Mrs. Dunaway's left shoulder was sprained and her head and back painfully bruised. Mr. Dunaway escaped with a few bruises. Mr. and Mrs. Dunaway were driving home in a buggy after a visit to the city. At 13th and Jefferson the horse became frightened at some dogs fighting on the street and ran away. The lines broke and Mr. Dunaway jumped out to secure the broken lines and stop the horse. Mrs. Dunaway was thrown out, and the horse continued to run.

Mrs. Dunaway was taken to the home of Mr. Dunaway's brother, Mr. John Dunaway on South Ninth street. Dr. J. W. Pendley was summoned to attend her. She remained at her brother-in-law's last night but was able to return home this morning. Her injuries were not serious.

The horse turned at 14th street and ran out Broadway. He was stopped near Wallace park, and brought back to the city. Neither the horse or buggy were damaged.

Jack Karnes, the 8 year old son of Contractor William Karnes, fell on a nail this morning from the roof of a play house he was building at his father's home, on North Eighth street, and tore a painful gash in the calf of his right leg. The wound is an inch deep and about six inches long. The boy was putting a roof on his play house when his foot slipped and he fell, his leg striking a rusty nail which was protruding from a plank. Dr. J. G. Brooks was called and dressed the injury.

Dr. J. E. Woolfie's horse ran away yesterday morning about 10:30 o'clock at the Wallace park baseball grounds while Dr. Woolfie was watching an amateur baseball game and damaged the buggy considerably. The horse became frightened at something and overturned the buggy dragging it quite a distance before it broke loose. The horse escaped injury.

A panic among the horses on Market street was created this morning about 10 o'clock by the water circus parade. The red wagons and small ponies frightened several of the country teams and six horses were running away at one time. They were all checked before they had gotten far away and no damage was done.

Mr. Charles McCarty, a pipe setter at the L. C. shop, while riding his bicycle on Tennessee street last night about 9 o'clock, was struck by an L. C. switch engine and knocked off the machine. His right shoulder was dislocated and his nose bruised, but he escaped serious injury.

Striking Hotel Employees Not Succeeding Well.

Help From Other Cities Is Pouring Into Chicago.

Chicago, June 15.—The second day of the strike of the hotel and restaurant employees in twenty-six of the hotels brought desertions from the ranks of the unions and increased determination in the minds of the hotel owners against what they term the arbitrariness of the striking employees.

Vigorous efforts of strike pickets to interfere with delivery of coal, meats and grocery supplies created some excitement around many of the hotels, but every such effort was balked by business agents of the various unions involved in the attacks, and even the milk wagon drivers, who had declared in favor of the strike, were forced by officials of the National Teamsters' union to obey the general laws of the organization and to refrain from a sympathetic strike. Attempts of the strike leaders to enlist the teamsters, engineers and firemen failed.

As soon as these tactics were made known at the Teamsters' union 100 rival pickets were started through the downtown district to combat the efforts of the strikers and to assure the delivery of hotel supplies. Before the end of the day the cooks and waiters abandoned the hope of support from other unions.

A canvas of the hotels where strikes have occurred shows that most of them are in fair working condition. Against a total of 2,577 employees who have gone out, the hotels in the aggregate have a working force of 1,752.

Three hundred men have arrived in Chicago from outside cities, sent here by agents of the hotel men, who were sent out several days ago.

Every hotel owner has arranged with correspondent hotels in other cities for all the help that can be spared.

Bartenders who went out yesterday in many instances returned to work today and tore up their union cards.

## NEWS OF THE SCHOOLS

Annual Election a Week From Tomorrow Night.

The Annual Examination of Teachers Begins Tomorrow.

The school board will hold its annual caucus a week from tonight and the election of teachers will take place the following night.

It has not yet been decided when the grievance committee will ask for a meeting of the board to hear the report in the recent investigation. The evidence has about all been transcribed, and it is possible the meeting will be held tomorrow.

Tomorrow morning at 9 o'clock the regular annual teachers' examination of the white and colored schools will begin. All applicants for teachers' certificates in all departments of the schools will have to undergo these examinations, which last two days. Sept. 1st and the committee on examinations and course of study will conduct the examinations. The examinations will be held at the high school building.

Prof. F. W. Cheek, who has been superintendent of the public schools of Morganfield, Ky., for the past ten years, is in the city, as an applicant for the superintendency of the Paducah public schools. He has excellent recommendations. Prof. Cheek arrived Sunday from Paris, Tenn., where he has been visiting and is the guest of Rev. J. W. Irion.

## THE POPE RESTING WELL.

Rome, June 15.—General astonishment was produced here by telegrams which poored in announcing the death of the pope, although not even a rumor of the death of his holiness has been heard.

These dispatches created a momentary sensation and a rush was made for the vaticans to obtain news regarding the pontiff's health. It was found there that there was no change in the condition of the pope. His holiness, though not quite so strong as before, owing to his last attack of hemorrhoids, leads his ordinary life, except that he grants fewer audiences.

## CAUGHT IN THE WEST.

LEE DALTON TO BE TRIED IN METROPOLIS TODAY.

Metropolis, June 15.—Lee Dalton, wanted for some time here on a charge of seduction, was caught in Redwood, N. D., and brought back this morning, and this afternoon at 3 o'clock will have his trial here.

This afternoon Robert Gray and Mattie A. Fitzgerald, colored, of Paducah, were married by Justice Liggett.

## CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the care and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At all druggists.

Sanator Muar Dame the Flood.

On the subject of irrigation and the staying off floods Senator Burton and Beveridge indulged in a heated colloquy recently, and at last the venerable senator from Massachusetts felt called upon to administer a bit of senatorial spanking to both of his younger colleagues.

"In one of his statements the Senator from Kansas is correct, in the other he is mistaken," commented the "gentleman from Indiana," by way of opening the conflict.

"I am glad to know I have got one right," said Senator Burton dryly.

"So am I, and surprised," fired back Mr. Beveridge.

"The Senator is always surprised to find anybody but himself right," returned Mr. Burton, hotly.

Just at this moment Senator Muar rose in his place, his genial countenance overspread with a beauteous smile. "The honorable gentleman," said he, in the softest possible tones, "are talking about the impossibility of staying floods, and furnishing the best possible illustration of the truth of it themselves."—New York Tribune.

## Making and Spending Money.

Formerly men were trained to spend money, not to make it; now they are trained to make money, not to spend it. The result of this development is that most of the rich in England now do not know how to spend their wealth intelligently. They do not know good food from bad food, good wine from bad wine, good cigars from bad cigars, and good pictures, statuary or furniture from imitations. Their only standard of value is the price, and so prices have gone up all round. As it is taken for granted by them in their ignorance that the dearest article is the best, they buy it, and the cunning tradesman naturally increases his prices to obtain his custom.—London Truth.

NEW FULTON RESIDENCE—Architect A. L. Lassiter is making plans for a residence for Mrs. Edward Ligon at Fulton. It will be a frame cottage, with modern conveniences, and will cost about \$2,500.

NICE OUTING PROMISED—The Cigarmakers' union will on the evening of the 22d of June run an excursion to Metropolis, and will donate 10 per cent of the proceeds to the Home of the Friendless and 15 to the fund for Kibbeyen sufferers in Russia. The outing will no doubt be well patronized.

CITIZENS FILE COMPLAINT—Marshal Crow has notified all drivers that the practice of dumping all kinds of trash and garbage into the hollow at the foot of North Fourth street must stop. A petition from residents was handed to the mayor, who turned it over to Marshal Crow with the above results.

TO FILE CONTEST PAPERS—Attorney L. K. Taylor has almost completed the contest papers which he will file this week. He intended filing the papers last week but was prevented by emergency work. Great care has been exercised in the preparation of the suit and the contest trial will be long and tedious.

SCHOOL TO TEACH TELEGRAPHY—Messrs. J. W. Worrell and H. A. Martin have opened a school of telegraphy over the McPherson drug store. The school is to be known as the West Kentucky Telegraph college. Already the gentlemen have a class of about 10 and think they will do a big business. This is one of the few telegraph colleges in the state.

ANOTHER TEACHER HONORED—The Eighth grade of Miss Emma Morgan's school Saturday evening presented her with a handsome gold-headed umbrella as a token of their affection, and also gave her a written testimonial of their appreciation of her work as a teacher, and deplored her loss to the schools. The members of

the Seventh grade presented her with a handsome waist band.

WILL ISSUE WARRANTS—Three farmers' sons got drunk in the Clark's River section yesterday and created some little excitement in that neighborhood, swearing and threatening all who came in contact with them. Five men started out after the boys, but did not succeed in catching them, the boys not being too drunk to run. No arrests were made, but the matter was reported to Magistrate Jesse Young, who will investigate and issue warrants if the names are found out.

COUNCILMAN JOHNSON TO RUN—Connoisseur M. W. Johnson, one of the most popular men in Paducah, and a son of former Mayor Joseph Johnson, will shortly announce for the Democratic nomination for city treasurer. Mr. Johnson is now a member of the council and has served the public in that capacity for a number of years. Others who will run for the same nomination are: Messrs. Lucien Durrett, president of the board of aldermen, John Rogers and Police Commissioner M. W. Clark. It is understood Captain Wm. Krans will not run again.

**Secretary Moody Silenced.**  
Secretary Moody tried to have fun with President Roosevelt over his failure to kill a bear during his recent hunt in Mississippi. "I may not have killed a bear but I did not mistake a colored woman for a wild turkey," retorted the president. "I can have just as much fun with you as you can have with me," Mr. Roosevelt continued, and he spoke very loud as he told how the secretary while on his recent hunting trip in South Carolina filled a colored woman full of shot, mistaking her for a turkey. The president put a few fine touches on the story and before he had finished it he had the secretary buying a neck of chickens at a fancy price in order to pacify the angry negroes.

**One Pleasing Combination.**  
There is one railroad combination which the public will unhesitatingly approve no matter to what lengths it may go—the combination of railroad companies to stamp out train robbery.

**House Made of Glass.**  
Glass houses of a very substantial kind can now be built. Silesian glass-makers are turning out glass bricks for all sorts of building purposes, claiming for them such advantages as variety of shape, free transmission of light, strength, cheapness and general adaptability. When complete diffusion of light is needed, as in factories, conservatories, courtyards, etc., they are especially suitable.

**The Mrs. Surratt Warrant.**  
The warrant which was served on Mrs. Surratt at the time of her arrest for complicity in the assassination of President Lincoln, a crime for which she was hanged, has long been in the possession of John L. Smith of Anniston, near Washington, who kept it as a valuable relic. In a fire at Mr. Smith's home the other day the valuable document was destroyed.

**Burglars Took the Hint.**  
A placard reading, "Will not return until Dec. 3," placed upon the door of a residence in West Philadelphia, was so informing to burglars that when the family did return at the date fixed they found the house ransacked and silverware, jewelry and much clothing missing. The police were notified, but the thieves had left no hints on their part.

**Testing Vitality of Bacilli.**  
A bacteriologic test of specimens of earth taken from the site of Camp Thomas, at Chickamauga, is being made to determine if the typhoid bacilli responsible for the recent outbreak of typhoid fever had retained their vitality since the epidemic during the Spanish-American war.

**A Plethora of Luck.**  
It appears that while hurrying around to church fairs just before election in order to corral the important church-fair vote, Mayor Murphy of Detroit, won in raffles a sofa pillow, sewing machine, binky and two clocks. A man with such luck as that was bound to be re-elected.—Buffalo Express.

**Would Buy Abbotsford.**  
Alexander McDonald of New York, largely interested in the Standard Oil company, is endeavoring to buy Abbotsford, formerly the home of Sir Walter Scott, with the purpose of presenting it to the Scottish people. The place is now owned by Mrs. Maxwell Scott, a distant relative of the poet and novelist.

**Novelist in Poor Health.**  
Private letters from Sorrento bring the information that F. Marion Crawford's health is giving his family much anxiety. The novelist recently had a serious hemorrhage, it is said, that left him in a weak condition. He recuperated rapidly, however, and since his condition has been more satisfactory.

**Valusbia Hunting Dog.**  
Sezer Massa's hunting dog Carlo disappeared from home in Shamokin, Pa., the other morning and went into the mountains. He returned in the afternoon with two rabbits, which he deposited at the feet of his master. The dog had broken the necks of the bunnies.

**Cornell Club for London.**  
Cornell's entry of a crew for the Henley regatta has inspired the organization of the Cornell club of London. Seventy-five former students of Cornell university have joined. They are mostly electrical or mechanical engineers employed by Charles T. Yerkes and the new electrical establishments here.

**Minaret from Mahdi's Tomb.**  
On his return from the Soudan the Marquis of Tuillhardine brought home a minaret from the tomb of the Mahdi. It has been placed on one of the towers of Blair castle. The minaret, which is made of copper plates riveted together, bears marks of bullets fired at Omdurman.

**Unsportsmanlike.**  
The father of a youth who was killed in a football game is pouting the country with a shotgun looking for members of the opposing team. If this sort of crankism is to be tolerated there is great danger that a noble pastime may fall into disuse.

**A Legislative Hustler.**  
Mr. Mudd of Maryland is regarded as a legislative hustler with good reason. He introduced a bill to carry into effect the president's recommendation that anthracite coal he placed on the free list twenty-four hours before the president's message was read.

**Sweden's New Railway Lines.**  
Concessions have just been granted to construct and run twenty-seven branch lines of the Swedish railways. The new lines will cover a distance of 250 miles in all, and it means that Sweden will again have occasion to purchase a large quantity of rolling stock.

**Not Yet Ready to Retire.**  
Dr. Samuel Willard, a venerable school teacher in Chicago, though now in his eighty-first year, is about to start on a trip to the Mediterranean, expecting to "do" Greece especially in a very thorough and satisfactory manner.

**One Pleasing Combination.**  
There is one railroad combination which the public will unhesitatingly approve no matter to what lengths it may go—the combination of railroad companies to stamp out train robbery.

## REMAINS ARRIVE

**Mr. Will Thurman Assailed for Robbery.**

**One Arrest, But the Accused Was Discharged—Funeral This Afternoon.**

**The remains of Mr. Will Thurman, brother of Mr. E. D. Thurman of the St. Nicholas hotel, who was sandbagged and killed in Alton, Ill., Saturday a week ago, were brought to the city yesterday afternoon at 3 o'clock and were this afternoon buried at Oak Grove.**

**The deceased had been away from the city for several months and had located in Alton permanently. He had gone out to a park in North Alton with two men, George Redman and a companion named Walter, the last person seen with, and after the crime had been discovered suspicion pointed to Redman, who was arrested and subsequently released on lack of evidence in the coroner's trial. Thurman had about \$13 when he started out with the men, but only 55 cents was found on him when picked up. The police in Alton are working on the case and it is thought developments will be reported shortly. The deceased leaves one brother, Mr. E. D. Thurman, and four sisters, Mrs. W. R. Jones, Mrs. Geo. Parker, Mrs. Nat Derrington and Mrs. Harvey of the 1. O. hotel.**

**The remains were buried this afternoon, funeral from the residence of Mrs. Parker on South Eighth street.**

## SHADOW MEN.

**PHOTOGRAPHERS READY TO MEET AT CHATTANOOGA TOMORROW.**

**The Photographers' association of Kentucky and Tennessee, meets in annual convention in Chattanooga, Tenn., beginning tomorrow and lasting until the 20th. The gathering this year is expected to be the most important ever held.**

**All the prominent photographers of Kentucky and Tennessee are members of the association, and large numbers compete for the handsome prizes offered for the most artistic specimens of photography.**

**The four day's program includes many interesting papers, addresses and demonstrations, and a number of attractive social features. The convention this year is expected to be the best attended meeting ever held.**

**The officers of the association are as follows:**

**W. G. McFadden, Paducah, president; J. L. Cusick, Louisville, secretary; W. L. Lively, McMinnville, Tenn., treasurer.**

## HOUSE BURNED

**NO WATER MAINS COMPELLED FIREMEN TO LOOK HELP-LESSLY ON.**

**The residence of Minnie Brown, on West Court street, near Fountain avenue, burned to the ground yesterday morning about 9:30 and the firemen were unable to do anything on account of not being able to secure water, the mains not extending that far.**

**The alarm was turned in and the department made a hard run arriving in time to save the house had any water been secured. The fire originated from a defective pipe and all the furniture was fortunately saved but the house was a total loss. The building was owned by Mr. E. D. Thurman and no insurance was carried, the loss amounting to about \$600.**

# GRAUSTARK

...By...  
**GEORGE BARR McCUTCHEON**

Copyright, 1901, by Herbert S. Stone

"Cannot the loan be extended a few years?" asked Lorry, angry with the ruler in the north, taking the woes of Graustark as much to heart as if they were his own.

"Not one day! Not in London, Paris or Berlin."

Lorry lay back and allowed Anguish to lead the conversation into other channels. The count remained for half an hour, saying as he left that the princess and his wife had expressed a desire to be remembered to their guests.

"Her royal highness spent the evening with the ministers of finance and war, and her poor head, I doubt not, is racking from the effects of the consultation. These are weighty matters for a girl to have on her hands," solemnly stated the count, pausing for an instant at the door of the apartment.

After he had closed it the Americans looked long and thoughtfully at each other, each feeling a respect for the grim old gentleman that they had never felt for man before.

**CHAPTER XIII.**

UNDER MOON AND MONASTERIES.

**F**OR two days Lorry lived through intermittent stages of delight and despondency. His recovery from the effects of the blow administered by Dannox was asturiously rapid, his strong young constitution owing to the rescue bravely. He saw much of the princess, more of the Countess Dagmar, and made the acquaintance of many lords and ladies for whom he cared but little except when they chose to talk of their girlish ruler. The atmosphere of the castle was laden with a depression that could not be overcome by an assimilated gaiety.

The princess could not hide the trouble that had sprung up in her eyes. Her laugh, her gay conversation, her rare composure and gentle mien were powerless to drive away the haunted, worried gleam in those expressive eyes of blue. Lorry had it on his tongue's end a dozen times during the next day or so after the count's narrative to question her about the condition of affairs as they appeared to him.

The Countess Dagmar, when not monopolized by the very progressive or aggressive Anguish, unfolded to Lorry certain pages in the personal history of the princess, and he, of course, encouraged her confidential humor, although there was nothing encouraging in it for him.

Down by the great fountain, while the soldiers were on parade, the fair but volatile countess unfolded to Lorry a story that wrung his heart so savagely that anger, resentment, helplessness and joy gave forth and enveloped him in a multitude of emotions that would not disperse.

"She will not mind my telling you, because she considers you the very best of men, Mr. Lorry," said the countess, who had learned her English under the Princess Vettie's tutor.

It seems, according to the very truthful account given by the lady, that the princess had it in her power to have Graustark from disgrace and practical destruction. The Prince of Axphain's son, Lorenz, was deeply enamored of her, infatuated by her marvelous beauty and accomplishments. He had persuaded his father to consider a matrimonial alliance with her to be one of great value to Axphain. The old prince, therefore, some months before the arrival of the Americans in Graustark sent to the princess a substitute nuptial, couched in terms so polite and conciliatory that there could be no mistaking his sincerity. He agreed to give Graustark a new lease of life, as it were, by extending the fifteen years or, in other words, to grant the conquered an additional ten years in which to pay off the obligations imposed by the treaty. He furthermore offered a considerable reduction in the rate of interest for the next ten years. But he had no condition attached to this good and gracious proposition—the marriage of Graustark's sovereign. His ambassador set forth the advantages of such an alliance, and departed with a message that the matter should have most serious consideration.

The old prince's proposition was a blow to the princess, who was placed in a trying position. By sacrificing herself she could save her country, but in so doing her life was to be plunged into interminable darkness. She did not love nor did she respect Lorenz, who was not favorably supplied with civilized intelligence.

The proposition was laid before the cabinet and the nobility by the princess herself, who said that she would be guided by any decision they might reach. The counselors to a man refused to sacrifice their girlish ruler, and the people vociferously ratified the resolution. But the princess would not allow them to send an answer to Axphain until she could see a way clear to save her people in some other manner. An embassy was sent to the Prince of Dawsberg. His domain touched Graustark on the south, and he ruled a wild, turbulent class of mountaineers and herdsmen. This embassy sought to secure an indorsement of the loan from Prince Gabriel sufficient to meet the coming crisis. Gabriel, himself smitten by the charms of the princess, at once offered himself in marriage,

Did you ever notice how quick thin clothing loses its shape? It's because it is not made right. We overcome that fault in our Correct Summer Clothing—we've had it made a new way. The coats have a full shoulder, with hair-cloth stiffening down the front, that keeps them from breaking or losing shape. The pants have cuff bottoms, concealed buttons and belt straps, the cloth is thoroughly shrunk which overcomes bagging at the knee. There's no clothing like it for fit and style in Paducah. The Dick Fowler left on time this morning for Cairo with a good trip. This boat made an excursion to Cairo Saturday night, returning on Sunday afternoon and leaving Cairo last night again in time to return here and make her regular trip out. Both excursions were liberally patronized.

Dr. G. M. Guiters, the newly appointed surgeon in charge of the United States marine hospital, has gone to Cairo from Philadelphia with his family.

Dr. J. H. Oakley, the former incumbent, left Thursday for Port Townsend, Wash., having been assigned to quarantine duty there.

The Dick Fowler carried about 200 people to and from Cairo yesterday and a most pleasant time was enjoyed by all. The boat left Paducah Saturday night and returned about 1 p. m. Sunday, leaving about 6 on her return and arriving again this morning early.

The Beaver passed down to Joplin yesterday and took the Beaver's tow, leaving for the upper Ohio in the afternoon. She had some trouble here in securing a fireman and was delayed several hours.

The Hook arrived yesterday from Tennessee river with 20,000 ties and will leave today for Cumberland river.

The Cowling ran an excursion to this city yesterday from Metropolis and brought up a large crowd.

The Linia Warren arrived last night from Nashville and will leave on return trip this afternoon.

The Albany passed out of the Tennessee river yesterday with a tow of ties for Cincinnati.

The Joe Fowler departed on time this morning for Evansville.

The Tennessee went into Tennessee river Saturday afternoon.

The Pearce arrived and departed on time today for Golconda.

The Butterff arrived and departed last night for Nashville.

The Aviation will pass up to Cincinnati this afternoon late.

The Barrett has gone on down into the Mississippi again.

The Pavonia arrived from Cumberland river yesterday.

The Victor arrived yesterday from Cumberland river.

The Thomas Parker has gone into Cumberland river.

The Clyde arrived last night from Tennessee river.

The Mary Michael is due from Mississippi river.

#### PALE ALE AND KY-LO

#### AGAIN DECLARED NON-INTOXICATING BY THE COURT.

A case of much interest was tried before Circuit Judge R. E. Maiden of Dresden, Tenn., in which W. D. Fraizer, of Martin, Tenn., was charged with selling Laevinson's Kylo and Pale Ale, which were claimed to be intoxicating; but after testing these drinks and hearing the evidence of a number of witnesses, and the proof showing them to be non-intoxicating, the jury dismissed the case, deciding that it was not a violation of the local option law to sell these beverages.

The decision is of much importance to A. M. Laevinson & Co., of this city, and their many customers in this state and Tennessee.

#### TAX ON BABIES.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few doses of White's Dream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25¢ on DnBois, Kolb & Co.

#### HOUSE AND LOT FOR SALE.

Here is an unusually good bargain. Must be sold quick. Five room house, No. 1736 Hargison street, one-half square from Fountain avenue, for 80x165 feet, good shade, stable, etc. This house is nearly new and must be sold within 60 days. Price \$900. S. A. HILL.

### Theatrical Notes.

The Great American Water Shows, a tent on boats, arrived last night and is at the wharf. It is the most unique looking showboat ever seen here.

Mr. James A. Young of New York, who is to take the principal male role in the forthcoming production of "Faust" here, is in the city, a guest of the Misses Clark, and will be here for several weeks. Mr. Young when here season before last with "Quo Vadis" made a number of friends, who will be pleased to renew the acquaintance.

Manager Williamson of the Cairo opera house was in the city today, having been up the Illinois Central on a brief trip. Manager Williamson will this week close six weeks of stock at his theater, which he says has proven a great success. He has one of the best stock companies in this section and has been turning people away.

"Bohemian Girl" was presented at Wallace park last night for the last time and a large crowd was out to hear the popular and tuneful opera song.

The principals were all excellent and the opera was presented without a hitch. Mr. McMinnish has won for himself a reputation of being perhaps the best tenor singer ever heard here. His wife, Miss Glover, is a feature of the show. "Bohemian Girl" will not be presented again unless by special request later in the week, this being the last week of the opera season here. Tonight "Fra Diavalo" will be presented, followed by "The Chimes of Normandy" and "The Grand Duchess." There will be a change of opera every night this week. Miss Oakland, who has been slightly indisposed for the past few days, has recovered and will be seen again tomorrow night in "Mikado," which will follow "Fra Diavalo."

#### CITY LIGHT PLANT.

#### Only One Applicant for Position of Superintendent.

The Plant is at Present Shut Down for a Few Days.

There are no applications in for the superintendency of the city electric light plant, but Mr. Keebler, who is now acting as superintendent, has been urged to go in and will place his application this week.

Mr. Wallace, having resigned, leaves the position vacant when the resignation is accepted, and the regular election will probably be held soon. Mr. Keebler is a good man and will probably get the place.

The engines have been stopped for repairs and will be ready for service again Wednesday night. The valves had gotten out of repair and the plant has been shut down until Wednesday.

The smoke consumer put up by Mr. Erve Berry will soon be taken down again, having proven a complete failure, and will result in the loss of several hundred dollars to the inventor. But for the repairs to the plant it would have cost the city considerable time from the plant, which had to be shut down during the putting up and taking down of the stack.

#### COUNCIL MEETS

#### REGULAR SESSION TO BE HELD THIS EVENING AT CITY HALL.

The regular meeting of the council will be held this evening and a number of matters will come up for discussion, one of which is the Jefferson street improvement. There has been some hitch in the ordinance and it is hoped to remedy it.

The resignation of Supt. Harry Wallace of the city electric light plant will be presented and his successor probably elected.

#### OPERATION NECESSARY.

Dr. Boyd came down from Paducah at noon Saturday and with the assistance of Drs. Miller, Heim and Stewart, performed an operation upon Mrs. Will Kreper.—Metropolis Herald.
